

CBCHS Mission Statement

Our Mission is to enhance the health and wellbeing of individuals through innovative, responsive services delivered in partnership with our community.

Values

- **Respect** for each individual, families and for the diverse cultures within our communities
- **Empowerment** as a cornerstone of how we work; we acknowledge the potential of each person and promote client participation and contribution.
- **Collaboration** with each other and with members of the community and colleagues from other organisations. We recognise that together we can achieve better outcomes.
- **Quality** in all aspects of our work. Our practice is evidence based and we continually strive to achieve excellence in all of our programs and services.
- **Transparency** in how we operate, particularly in how we make decisions and communicate.

Vision Statement

Quality. Community. Wellbeing.

CHILD DEVELOPMENT SERVICES

The Child Development Service is one of a range of services provided by Central Bayside Community Health Services.

The team consists of the following service providers :

Speech Pathologist, Occupational Therapists, Psychologist, Physiotherapist and Paediatrician.

*The **Speech Pathologist** is able to assess and treat children aged between 0 – 6 years who present with a wide variety of speech, language and communication disorders.*

Group or individual therapy is available and visits can be made to kindergartens, playgroups or crèches.

*The **Occupational Therapist** assesses and treats children 0 – 12 yrs presenting with developmental delay, learning difficulties, handwriting problems, fine or gross motor co-ordination concerns or delayed play skills.*

Treatment may be offered on an individual basis, in groups or by a home program. School visits are also conducted where necessary.

*The **Physiotherapist** provides a service to babies and children 0 – 18 years who are experiencing musculoskeletal or movement problems.*

This service offers short term therapy and appropriate referral will be made if longer-term treatment is required.

*The **Child and Family Psychologist** provides child and family counselling and assessments for children 0 - 12 years of age and under who are not eligible for other services. Individual, child, parent and family consultations are offered. These are confidential, respectful and collaborative.*

*The **Paediatrician** can see any child 0 – 18 years where concerns exist regarding their development, learning, behaviour or general health issues.*

Doctor's referral is required.

Referral to Child Development Service

Anyone can refer to the service, including parents. A doctor's referral is necessary only for the Paediatrician.

Referrals can be taken in writing or over the phone for occupational therapy, physiotherapy and speech pathology.

For psychology services, parents or guardians may contact the duty worker on 8587-0200.

Fees

There is a cost involved for services. Please discuss at the time of your referral. Bulk billing is available for the Paediatrician consultation.

Area Serviced

Children residing or attending school in the City of Kingston. Paediatrician will see children from all areas.
